Last Updated: October 2025

### Summary

At **Clothing Retail**, we aim to ensure that your shopping experience is smooth and satisfying. If you are not completely happy with a product, we provide an easy and transparent **Return, Refund, and Exchange Policy** for eligible items.

---

### 1. General Return & Exchange Overview

- You may return or exchange items purchased from Clothing Retail within the **specified return/exchange period** mentioned on the product detail page.
  - Returns or exchanges are accepted **free of cost** in most locations where pickup service is available.
  - In case pickup is unavailable at your location, you may **self-ship** the product to our warehouse; the shipping cost will be reimbursed as **Clothing Retail credits**, subject to policy compliance.
  - Returned products must be **unused, unwashed, unaltered, and in their original condition** with all tags, invoices, and packaging intact.
  - Products received with missing accessories, altered conditions, or without original packaging may be rejected during quality check.
- 

### 2. Eligibility for Return

You can initiate a return or exchange request if:

1. The product is **damaged, defective, or of poor quality**.
2. The **wrong product** or **wrong size/color** was delivered.
3. The product shows **manufacturing defects, shrinkage, color bleeding, or missing parts**.
4. You are **dissatisfied with fit, size, or quality**, provided the product qualifies under returnable categories.

Return requests must be initiated **within the product's specified return window**, which varies by category.

---

### 3. Non-Returnable Categories

Certain categories are **non-returnable** for hygiene or policy reasons. These include:

- Innerwear, briefs, and shapewear bottoms
- Socks and handkerchiefs

- Swimwear and lingerie sets containing briefs
- Nightwear and loungewear in limited cases
- Accessories like gloves, masks, and precious jewelry
- Electronics and gadgets marked “Non-Returnable” on the product page

Non-returnable products can only be returned **if defective, damaged in transit, or incorrect** items are delivered.

---

#### 4. Return Conditions

To qualify for a successful return:

- The product must not show signs of **wear, washing, alteration, stains, or odour**.
- **Tags, barcodes, brand labels, packaging, and accessories** must remain intact.
- The return must be initiated from the **same account and order** used for purchase.
- **Sets or bundled products** must be returned as a complete set. Partial returns will not be accepted.
- For **electronics or watches**, refunds are processed after the item passes quality inspection at the brand warehouse.

Failure to comply with the above may result in **rejection of the return request**.

---

#### 5. Return Process

1. **Log in** to your Clothing Retail account.
  2. Go to “**My Orders**” and click on **Return/Exchange** for the respective item.
  3. Choose **Return** or **Exchange**, specify the reason, and upload supporting images (if damaged).
  4. Select your preferred **refund mode** (original payment method or Clothing Retail Wallet).
  5. A **pickup** will be scheduled within 4–7 days or instructions for **self-shipping** will be provided.
  6. Once the product passes the **quality check**, a **refund or replacement** will be processed.
- 

#### 7. Exchange Policy

- Exchanges are allowed for **same or different sizes** of the same item, or for a **different item of equal or higher value**.
- Price differences (if any) will be adjusted during the exchange process.
- If the desired item is unavailable, a full refund will be initiated.
- Exchanges are **subject to stock availability**

- If your address has changed, return the product for a refund and place a new order.
- 

## 8. Bundled / Promotional Products

If your purchase was part of a **bundle or promotional offer**, you must return the **entire package**. For example, if a shirt and pants were bought as a combo, both items must be returned together. Bundled sets containing non-returnable products are only partially eligible as per category rules.

---

## 9. Return Shipping & Quality Check

- Products will be picked up by **authorized logistics partners** or self-shipped by you if pickup is unavailable.
  - All returned products undergo a **quality inspection** at the Clothing Retail outlet.
  - Returns not meeting quality requirements will be **rejected** and shipped back to the customer.
- 

## 10. Self-Ship Instructions

If your area is not serviceable for pickup:

- Pack the item securely, including the **Order ID and Return ID** on a note.
  - Ship it to the nearest **Clothing Retail Outlet**
  - Do not Courier
- 

## 11. Multiple Returns & Account Policy

- Multiple products from a single order can be returned separately.
  - Customers with **excessive returns or rejected pickups** may face a **convenience fee** or **temporary suspension of Cash on Delivery** option.
  - Repeated policy misuse may lead to **account restrictions**.
- 

## 12. Final Decision Clause

All return and exchange requests are subject to verification by **Clothing Retail's Quality Team**. The company's decision on the eligibility of a return, refund, or replacement is **final and binding**.

## Refund Eligibility

### 1. Summary

1. You have cancelled the order before dispatch.

### 2. Cash on Delivery (COD)

**How it works:**

- With COD, you can pay in cash at the time of delivery.
- COD is available for orders valued between **₹299 and ₹49,999** (subject to your account eligibility).
- The COD limit may be **temporarily lowered** if there are repeated order rejections or non-acceptance incidents from your registered account.
- You can regain a higher limit by maintaining consistent successful deliveries and prepaid orders.

**Important notes:**

- COD option is restricted to certain **PIN codes** and **product categories**.
- COD orders may include a **small handling fee**, displayed at checkout.
- COD fees are **non-refundable** in case of return or cancellation.

- We do **not accept ₹2000 currency notes** for COD, in compliance with RBI regulations (effective since September 2023).

If you are unable to arrange alternate currency at delivery, please request a **delivery reschedule** or choose **UPI payment on delivery** (if available).

---

### 3. Why COD Might Not Be Available

You may not see the COD option if:

- Your order total is **below ₹299 or above ₹49,999**.
  - You already have a pending COD order and your combined COD total exceeds your account limit.
  - COD is not supported for your area or the product category.
  - Your account has a **high order rejection rate** or COD misuse under our **Fair Usage Policy**.
- 

### 5. Payment Failures

If your payment fails:

- Double-check all entered details (card number, expiry, CVV, OTP, billing address).
- Retry after a few minutes or use an alternate payment method.
- If the amount was **debited but the order not confirmed**, it will be **auto-refunded** within **7–10 business days** after confirmation from your bank.

For immediate assistance, contact [support@clothingretail.com](mailto:support@clothingretail.com) with your transaction ID.

All prices displayed on Clothing Retail are **inclusive of applicable taxes (GST)** unless explicitly stated otherwise.

-

  - Once payment is complete, the delivery partner will open the package in your presence.
  - If everything is correct, you share the OTP to confirm delivery.
  - If the product is missing, damaged, or incorrect, the delivery partner will immediately **take it back**, and:
    - You'll receive an **instant refund** (for COD payments).
    - For prepaid orders, refunds are credited **back to the original payment method** within standard refund timelines.
-

## 5. What If the Product is Damaged, Missing, or Wrong?

If you find during Open Box Delivery that:

- The item is **missing or incomplete**,
- The product is **damaged**, or
- The product is **completely different** from what you ordered —

then:

- Do **not share the OTP** and do **not accept the delivery**.
  - Inform the delivery partner immediately and ask them to **return the package**.
  - For COD, your payment will be **refunded instantly**.
  - For prepaid orders, a **refund will be processed to your source account** after verification.
- 

## 6. Can I Try the Product Before Accepting It?

No. During Open Box Delivery, you can **only inspect the product visually** to confirm that it matches your order and is in good condition.

You can try or test the product **after** you've accepted it by sharing the OTP.

If there's a **size or fit issue** later, you can raise a **return or exchange request** through the standard process (subject to policy and stock availability).

---

## 7. Replacement and Exchange Eligibility

- If a product is found **wrong, damaged, or missing** during Open Box Delivery, you will be eligible for a **refund only**, not replacement or exchange.
  - After you accept the product (by sharing the OTP), you can later request a **size, color, or product exchange** through your account under "My Orders."
  - Replacement during delivery is **not supported** under this feature.
- 

## 8. Post-Delivery Concerns

Once Open Box Delivery is completed successfully:

- Claims for **missing, wrong, or damaged** items **will not be accepted**, since customers confirm satisfaction before accepting the product.
- However, you may still raise requests for:
  - **Size or fit issues**
  - **Quality dissatisfaction** (as per standard Return/Exchange Policy)
  - **Technical issues in electronics or devices**

For electronics, if the device is not working after delivery, please contact **Clothing Retail Customer Support** or the brand's **service center** for assistance.

---

### 9. Benefits of Open Box Delivery

- Ensures complete **transparency** and **customer confidence** at delivery.
  - Protects you from **missing or incorrect shipments**.
  - Enables **instant refunds** for any order errors.
  - Reduces return hassles and waiting time.
- 

### 10. Important Guidelines

- Always **cooperate with the delivery partner** during the inspection process.
- Never share the OTP until you've **personally verified** the product.
- Do not attempt to **open sealed or brand packaging yourself** until the delivery partner initiates it.
- If you find any issue, **reject the order immediately** — refunds will be faster and simpler.

# Garment Recycling Program

## 1. Purpose

This policy aims to encourage sustainable consumption and reduce textile waste by providing customers with an easy, rewarding way to recycle their used garments. By returning used clothes to our stores for responsible recycling or repurposing, customers contribute to lowering carbon emissions, conserving natural resources, and supporting a circular fashion economy.

---

## 2. Policy Overview

Customers are invited to bring any brand of used or unwanted clothing, shoes, or textiles (in any condition) to participating stores.

In return, they will receive a **15% discount voucher** applicable toward the purchase of new clothing on their next visit.

---

## 3. How It Works

### 1. Drop-Off:

Customers may drop their used textiles at designated *Recycling Collection Boxes* located near store entrances or customer service desks.

### 2. Sorting & Processing:

- **Reusable items** are donated or repurposed for second-hand resale.
- **Recyclable fabrics** are processed into new fibers and materials for production.
- **Unusable textiles** are converted into industrial materials (e.g., insulation, padding).

### 3. Reward:

After each drop-off, the customer receives a **digital or printed 15% discount voucher**, redeemable on their next purchase.

---

## 4. Voucher Terms

- The voucher grants **15% off one new item** of the customer's choice.
  - Valid for **30 days** from issue date.
  - Not combinable with other promotions or sales discounts.
  - Limited to **one voucher per person per day**.
-

## 5. Environmental Commitment

All collected garments are managed in partnership with certified textile recycling partners who ensure ethical sorting, recycling, and waste minimization.

The program aligns with the company's **Climate Conscious Commitment 2030**, aiming to:

- Reduce textile waste sent to landfills by **50%**,
  - Lower production-related carbon emissions by **30%**, and
  - Increase the share of recycled fibers in new collections.
- 

## 6. Customer Awareness

Educational material about sustainable fashion, fiber recycling, and environmental impact reduction will be displayed in stores and shared across digital platforms to promote ongoing participation.

---

## 7. Transparency & Reporting

Annual sustainability reports will disclose:

- The **total volume of textiles collected**,
  - **Recycling outcomes** (reuse, upcycling, energy recovery), and
  - **Environmental benefits achieved** through the initiative.
- 

## 8. Responsibility

This initiative is managed jointly by the **Sustainability & Retail Operations Departments**, ensuring consistency in implementation and transparency across all participating stores.
